IMAGING UPDATE 2023

July 28-30 2023

*Radisson Blu
Beach Resort Cavelossim
Goa*

Dear Friends

Finally Corona is gone!! After 24 years of non stop imaging updates in GOA we had to break for two years and restart last year. It's time for us to get together once again in full force!! and make up for the lost time!! Let's rekindle the magic of Meeting and Learning in person rather than virtually.

This years scientific program will be exhaustive on Neuro (Day 1 - 28 July) and MSK Imaging (Day 2- 29th July). Newer Nuances will be covered in Body Imaging on day 3. As always Faculty will comprise off leading experts. The talks will be short, crisp and to the point, tailored to specific diagnostic dilemmas / pathologies.

Day 1 and 2 will have our legendary Quiz/ film reading sessions with attractive prizes.

Day 3 will have an OSCE session, also with special prizes!!.

There will also be special prizes for the top five poster presentations, every accepted poster will receive a pen-drive!

Poster presentations will be in a digital format with a limit of 20 slides.

The poster presentations should be emailed to us on indianimagingacademy@gmail.com before 15th July 2023

The venue is the picturesque Radisson Blu beach resort at caverossim goa. Not only is this the best beach resort in goa but considered the finest in the country. The accommodations are recently renovated Portuguese styled villas set within palm lined gardens, a short walk from the white sands of caverossim beach. All amenities are available including pool, spa, gym, Jacuzzi, steam room. The nights will be magical at the famed Copa Cabana night club
